

League Sports Photos Picture Day Procedures

- We ask that parents of each player use the link or QR code to pre-register BEFORE Picture Day. Please be sure to provide email addresses and cell phone numbers for all adults you wish to receive a link to the player's photos. This allows your child to skip the line and go straight to the photographer. (The league may have already provided some or all the information we need.)
- A table for registration will be available for those who need to register on Picture Day. (Be advised that waiting until Picture Day will slow down the process for your child)
- Once registration is confirmed, the player will report to the photographer.
- The photographer will take several photos, including several poses.
- Once the photographer is finished with photos, a link to the proofs will be sent to the email and/or cell phone number that was provided at registration.
- If we are providing Virtual Team Photos **ALL players AND coaches must be photographed** to be included in the team photo.
